Favicon	brand/favicon/
Social (GitHub, Discord, OG Image)	brand/social/
App Icon — iOS (1024, no alpha)	brand/app/ios/
App Icon — Android (adaptive layers)	brand/app/android/
Design Tokens (JSON)	brand/tokens/
Source File	brand/figma/EdgeFlow.fig

Brand Voice — Ringkasan

EdgeFlow adalah discipline system, bukan signal provider atau auto-profit bot. Hindari klaim seperti 'profit dijamin', 'winrate 90%', atau 'auto cuan'. Gunakan framing: 'Helps you follow your trading plan', 'Reduce emotional trading', 'Never miss your checklist again'. Detail lengkap voice guide ada di docs/Brand.md.
